RDK Engineers Principal Robert Persechini inducted into ASHRAE's Boston Chapter Hall of Fame

BOSTON, MA (OCTOBER 14, 2010) – **RDK Engineers (RDK) Principal Robert Persechini has been inducted into the American Society of Heating, Refrigeration, and Air Conditioning Engineers, Inc. (ASHRAE) Boston Chapter Hall of Fame.** Persechini was honored in an October 12 induction ceremony in Waltham, MA. In addition to the RDK team members in attendance, industry leaders from firms throughout Massachusetts and engineering students from local colleges and universities joined in the celebration as well.

A member of ASHRAE since 1982, Persechini previously served as president of the Boston Chapter of ASHRAE from 1989-1990. He has spearheaded a wide variety of ASHRAE activities and events on the local, regional, and "Society" levels, including serving as General Chair for the 1997 Annual Summer Meeting and chairing the 2002 Chapter Regional Conference (CRC).

In his acceptance speech as a newly honored Hall of Fame member, Persechini spoke about his personal experiences at ASHRAE, credited his time with the organization for helping him establish relationships and contacts throughout the industry and highlighted the many opportunities he has been given as a member. Today, Persechini continues to be a very active member of ASHRAE, and, as he concluded his speech, made sure to ask for volunteers for the 2012 CRC and the Boston Chapter's 100th Year Gala.

About RDK Engineers

RDK Engineers has specialized in providing high-quality HVAC, Electrical, Plumbing, Tel Data, and Fire Protection engineering services for over 100 years. Today, RDK has a staff of 190 multi-disciplined engineers and administrative professionals located in Andover, Amherst, and Boston, MA, as well as Durham and Charlotte, NC. RDK delivers total building solutions to leading businesses and institutions nationwide.
